J U D G M E N T.

01. The accused stands charged for the offence punishable Under Section 47 (a) of Bihar and Orissa Excise Act, 1915.

02. The case of the prosecution in brief runs thus:

On 23.04.2004 at about 10.40am the S.I of Excise Balugaon and his staff got reliable information that the accused was selling different type of liquor in his house. So they proceeded to the spot and on search they found 46.8 liters of different types of beer from

the house of the accused. On demand he failed to produce any authority or license for such possession. The informant conducted various tests on it and found it to be nothing but beer. He seized the same in presence of witnesses. After completion of investigation he submitted P.R. against the accused U/s.47 (a) of Bihar and Orissa Excise Act. 1915.

03. The plea of defence denial one and false implication.

04. The point for determination in this case emerges as follows:

(a) Whether on 23.04.2004 at about 10.40am at Nachuni 46.8 liters of different types of beer was seized from the conscious and exclusive possession of the accused?

(b) Whether the seized liquor was nothing but I.M.F.L. liquor?

05. In order to prove its case, prosecution has examined one witness in its favour where as defence has examined none. P.W.1 is an independent witness to the occurrence.

06. In order to prove a case U/s 47(a) Bihar and Orissa Excise Act, it is for the prosecution to prove not only the fact of seizure from the exclusive and conscious possession of the accused but also the seized articles to be nothing but C.S. liquor.

07. This is a case U/s 47(a) Bihar and Orissa Excise Act. In order to substantiate the case against the accused, it is necessary to scrutinize the case of prosecution. During the course of the trial P.W.1 deposed that he does not know for what purpose his signature was obtained by the Excise Sub-Inspector.

On perusal of the evidence it is found that the prosecution has not examined the informant and other witnesses who corroborated the prosecution story. The only independent witness who was examined by the prosecution did not support the case of the prosecution and deposed that he does not know for what purpose his signature was obtained by the S.I of Excise. The S.I of Excise reported to have been examined the liquor through blue litmus paper test and hydrometer test but the said S.I was not examined by the prosecution. Hence, there is no proof in the record to prove that the seized liquids were nothing but the C.S liquor. Further the fact of seizure from the conscious and exclusive possession of the accused is also not proved as none of the independent witnesses have corroborated the prosecution version Hence in view of the above discussion and due to lack of independent corroboration, I am of the opinion that the prosecution has failed to prove its case against the accused beyond all reasonable doubts.

07. In the result, the accused is found not guilty for the offence U/s.47 (a) of Bihar and Orissa Excise Act, 1915 and acquitted thereof U/s.248 (1) of Cr.P.C. He be released from the custody forthwith.

The seized materials, if any be destroyed after four months of the appeal period, if no appeal is preferred and if preferred be dealt as per the order of the appellate court.
